C of E Primary School

Let Your Light Shine

Friday, 14th November 2025

Dear Parents/Carers On Tuesday, the whole school took part in the annual Armistice Day remembrance alongside members of the Brent Knoll British Legion and local residents. Despite the wind and rain, the children, including the very youngest from pre-school, showed great respect and listened to the prayers and readings and stood silently for the two minutes at 11 o'clock. Our visitors were very complimentary. At the same time, Dougie and Elsie (photo left) went over to Kings in Cheddar to represent the school in the service being held there. **Kind regards, Chris Burman**

On Thursday last week, the school football team went over to Hugh Sexey and played a terrific match against strong opposition. At the final whistle, the Brent Knoll team ended ahead on 4 - 3. On the same day, another group of children from the school travelled down to Bridgwater Town Hall to look at Luke Jerram's Gaia installation (photo below); 'a breath-taking installation that brings our planet to life in stunning detail'. Gaia is open until November 23rd, and is well worth a visit. Thanks go to Burnham Scouts for the loan of their mini-bus, making both these trips possible.

Letting their light shine in recent days, Grace (below) continues her success in dance competitions, and Izzy and James (right) raised funds for the RNLI during the Burnham carnival. Well done all.

The new school council (left) was introduced to the school last week and over the next few weeks members will start their roles.
