This term's Christian Value is **Endurance**: "And let us not grow weary of doing good, for in due season we will reap, if we do not give up."

Dear Parents/Carers It's been another very busy week for all the classes, and Spring is definitely in the air with lots of outside activities. We had the **Woollaston family** lambs visiting pre-school on Thursday (photo below) and on the same day members of Kingston Class went onto the field to plant a mini-hedge beside the new garden room (photo left). The hedging - a gift from the **Woodland Trust** - gave another reason to think about British Science Week. Different aspects of science were shared throughout the school. **Kind regards Chris Burman**

Last week we were very appreciative of three generous grants that have been awarded to us from the **Nuttall Trust**. Following applications made before Christmas, we now have new funds to support the purchase of playground resources, gardening equipment and books for every child. Further details to follow soon.

Many congratulations to all the children from the school who have taken part in the **Highbridge Festival**, either as part of a school group, or as members of other organisations. Russet Class, Year 5 and members of Kingston class separately shared poems at the Princess Theatre on Tuesday and came home with medals. Well done also to the 'Popcorn' trio, namely, Mina, Reuben and Evelyn for rehearsing and sharing their poem on stage. Grace (above right) then shared her dance successes with the school in assembly on Thursday. Next week, the choir performs in Highbridge. Well done to all involved! (And, finally on Tuesday, not wishing to lose an opportunity, the children left the theatre to dive into the Burnham library for a quick read, *photo below right*).
