## Mission Statement

**We are a Church school and through our distinct Christian values we enrich the lives of our children and create an environment where there is opportunity to “Let Your Light Shine” (Mathew 5:16)**

**Our values are brought to life through our Love of Learning; our Faith; our Respect and our Partnerships.**

**Love of Learning** - We provide an inclusive, meaningful, enjoyable curriculum to inspire and encourage pupils to reach their full potential. We nurture the social and emotional development of all our pupils and teach them how to stay safe and lead healthy lives. We develop their confidence and independence and encourage them to question and reason rationally.

**Faith** – We are proud to be a Church of England School. We promote the values and beliefs of the Christian faith whilst respecting and celebrating the beliefs and cultures of others.

**Respect** – We develop each child’s sense of self-worth as well as their sense of responsibility. We encourage children to value diversity and the wonder of creation.

**Partnerships** – We work together with our families, the Church and the local and wider community, valuing their support.

Policy reviewed by the LGB July 2024

This policy is to be reviewed every 2 years

## 1. Aims

The aims of our first aid policy are to:

- Ensure the health and safety of all staff, pupils and visitors
- Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- Provide a framework for responding to an incident and recording and reporting the outcomes

## 2. Legislation and guidance

This policy is based on the Statutory Framework for the Early Years Foundation Stage, advice from the Department for Education on first aid in schools and health and safety in schools, and the following legislation:

- The Health and Safety (First Aid) Regulations 1981, which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- The Management of Health and Safety at Work Regulations 1992, which require employers to make an assessment of the risks to the health and safety of their employees
- The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013, which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- Social Security (Claims and Payments) Regulations 1979, which set out rules on the retention of accident records
- The School Premises (England) Regulations 2012, which require that suitable space is provided to cater for the medical and therapy needs of pupils
